Practical info

Set in drawer of 50 cm deep

BA506006 45 50 55 60 65
 BA5060C6 ME
 BA5060W6

Also available in other drawer depths
 If the set includes a kitchen accessory, an appropriate reference to that kitchen accessory is included here

Available in different colours: e.g. Orion grey = OG or O
 Carbon black = CS or C
 Silk white = SW or W
 Cabinet width
 Order codes for depth 50 cm
 Cabinet width

Example different drawer depths:

BA456001 (depth 45 cm)

BA506001 (depth 50 cm)

BA556001 (depth 55 cm)

BA606001 (depth 60 cm)

BA656001 (depth 65 cm)

For the photos the cabinet width is always stated, e.g. 50, 60, 90 ...
 This is the minimum cabinet width.
 By placing dividers separately, you can create extra storage space between the dividers.

If a product is available in different drawer depths, the space will be divided up differently to enable the most efficient organisation. You can find the exact divisions online.

For more info:
www.vanhoecke.be/orgalux

LEGRABOX and TA'OR BOX (Wooden drawer): both drawers have identical dimensions

Drawer heights: Legrabox and TA'OR BOX

LEGRABOX and TA'OR BOX are available in any width desired and in the heights M, K, C and F.
The design variant LEGRABOX free with glass sides is available in height C.

High drawer (C)
Height side panel = 17.7 cm
Internal height side panel = 14.8 cm

Low drawer (M)
Height side panel = 9.1 cm
Internal height side panel = 6.2 cm

High drawer (C FREE)
Height side panel = 17.7 cm
Internal height side panel = 14.8 cm

Low drawer (K)
Height side panel = 12.9 cm
Internal height side panel = 10 cm

High drawer (F)
Height side panel = 24.1 cm
Internal height side panel = 21.2 cm

Recommended colour combinations for LEGRABOX

Drawer colour	Orion grey	Carbon black	Silk white
Orgalux Steel cutlery divider with soft-touch base	Orion grey 	Carbon black 	Silk white 
Orgalux cutlery divider wood decor steel front and back	Nebraska oak decor 	Tennessee nut decor 	Bardolino oak decor 
Orgalux Divider steel magnetic without base	Orion grey 	Carbon black 	Silk white 
Orgalux Divider wood decor steel front and back not magnetic with base	Nebraska oak decor 	Tennessee nut decor 	Bardolino oak decor 

Modular dividers

In order to allow your customers to keep enjoying their kitchen for life, it is best to allow for possible changes in habits and lifestyle. This means that the position of individual compartments is easily changed and you can also adapt the smaller sub-dividers entirely to suit your customer.

Orgalux dividers for LEGRABOX are high steel frames, which you can place in the drawer as you wish. A short side of the frames is magnetic. You click this onto another steel frame or onto the drawer side. These frames have removable dividing elements, allowing you to obtain storage areas of different sizes. Ideal for creating flexible compartments in LEGRABOX.

The Orgalux range features stylish drawer-dividing systems and handy kitchen accessories that suit any interior. To make the search for the perfect dividers easier, we have created basic sets with our favourite dividers.

Do you often use the same drawer depths in your projects? Then it is certainly worth considering a starterpack. Then, for each project, you only have to order a single Orgalux product and your customer's kitchen is equipped really easily with the basic drawer dividing systems. All dividers are packed together and delivered in one carton.

All essential dividers packed in a single box

Our starter packs contain all you need to flexibly equip different drawers. Each pack consists of essential dividers for cutlery and kitchen utensils, and can be supplemented with kitchen accessories for the most important drawers in any project.

 Cutlery divider

 Utensil divider

 Knife holder

 Cling film/foil cutter

 High spice holder

 Low spice holder

Keep it simple!

Find the combination that works best for your project in three simple steps:

Drawer depth: 450, 500, 550, 600, 650 mm

Starter pack number: 1 2 3 4 5 6 7 8 9

Colour: Orion grey (OG), Carbon black (CS), Silk white (SW)

Following these easy steps will give you the correct order code! Example: BP500 4 OG

↑ FOR SHALLOW DRAWERS 27 30 35 40

TIP

If you are keen to add compartments in shallow, low drawers (NL270-400) you can opt for TA30MSxx (p11).

Also, among the plastic dividers you can find a solution for NL400 under SEPARADO (p24-25).

For example, if the extractor is built into the worktop

*These dividers do not fit inside an interior drawer with glass front (Blum).

Orion grey = OG
Carbon black = CS
Silk white = SW
Stainless steel = IN

A project is only fully completed once the drawers are equipped with a drawer mat. To make it as easy as possible for our customers to order these to size, they can be added in just a few clicks to a drawer in our drawer configurators. You choose the material and the colour, and the mat will fit your drawer perfectly. Then there'll be no need to order them later!
