

## **REACH — Declaration for Van Hoecke Products**

*Regulation EC 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).*

REACH provides that all chemical substances which are produced in a larger quantity than one ton per year are only allowed to be sold in the European Union if they are pre-registered or registered.

Van Hoecke nv produces no chemical substances. Van Hoecke nv sells only products which are defined as articles and not as substances resp. preparation (according to Article 3, Definitions). In line with REACH, Van Hoecke nv is a downstream user and is not subject to registration.

In Our own interest and in the interest of our customers we are in constant dialogue with our suppliers in order to guarantee that all delivered products are in agreement with REACH.

If substances are added to the SVHC list contained in our products, we will comply with the obligation to inform under Article 33.

If you have further questions about the implementation of REACH at Van Hoecke nv please do not hesitate to contact us.
